TO THE FLORENCE COMMUNITY

Endorsement of Reneé Lo Pilato for Florence City Council

I am pleased to offer my endorsement of Reneé Lo Pilato for Florence City Council in the November 2026 election.

Reneé stands out in Florence for her thoughtful, balanced approach to decision-making. She consistently listens to all perspectives before reaching well-informed conclusions. During her three years just spent serving on the Planning Commission, this was particularly evident in her work navigating complex building code issues, where she demonstrated a commitment to fairness and integrity. Even in cases where proposals may have been controversial, she upheld the code and supported projects based on their merits. She is not deterred by difficult or unpopular decisions when they are grounded in principle.

Reneé is both an attentive listener and a clear communicator. Her professional background provides her with strong financial insight, and she has a proven ability to balance the diverse needs of the communities she serves.

Her dedication is further reflected in her service on the Planning Commission, where she brings diligence, professionalism, and a collaborative spirit. Based on her track record in both public and private sectors, I am confident she will continue to serve the community with integrity and effectiveness on the City Council.

Above all, Reneé approaches every issue with respect, a willingness to collaborate, and a commitment to finding thoughtful solutions.

Sincerely,

Sally Wantz
Florence City Councilor
